WHY THAILAND?

Thailand is a captivating destination, offering a rich tapestry of experiences, from pulsating nightlife and premium shopping to wellness retreats and unique cultural attractions.

It's no surprise that Bangkok is consistently ranked among the most visited cities in the world, with 22.78 million tourists flocking to its vibrant streets last year. Thailand's tourism industry is thriving. In the past year, over 10.72 million international visitors have contributed to the economy, with tourism receipts totaling 518 billion baht. Chinese tourists are at the forefront, with over two million arrivals, followed by Malaysians, Russians, South Koreans, and Indians. With an average of over 100,000 daily visitors in April alone, Thailand anticipates a record-breaking 40 million foreign visitors by year's end, generating up to three trillion THB in tourism revenue. This robust tourism landscape provides fertile ground for real estate investments.

On June 20th, the Cabinet Secretariat confidently announced an urgent economic stimulus package specifically aimed at the real estate sector. The Ministry of Interior emphatically confirmed this announcement, highlighting the Cabinet's unwavering resolution to implement economic stimulus measures in support of Thailand's transformation into a global industry hub (Thailand Vision) through the real estate sector.

In 2023, there will be a notable surge in ownership transfers to Chinese individuals, totaling approximately THB 80,000 million out of the overall THB 1,000,000 million ownership transfer. This considerable uptick will effectively address the oversupply of condominiums in the market.

BREAKING NEWS

To invigorate the Thai economy and attract significant foreign investment, it is imperative to enable the employment of talented foreign individuals. With this goal in mind, we firmly urge the Ministry of Interior to take the following decisive actions:

01. Review the Property Rights Act B.E. 2019 to extend the maximum term for property based on rights beyond the current limit of 99 years.

02. Revise regulations to confidently raise the cap on foreign ownership of condominium units from 49% to 75%.

“These steps will undoubtedly strengthen Thailand's appeal to international investors and significantly contribute to sustainable economic growth.”

Furthermore, the real estate overview for 2023 confidently predicts a 10.2 percent reduction in ownership transfer amounts compared to the previous year, when transfers amounted to THB 1,000,000 million, while also forecasting an 8.2-16.6 percent increase in prices.
